Getting Started

It is recommended (but not required) that you have your assigned American Cribbage Congress (ACC) number available when using this website.

Information about Grass Roots clubs, tournament information and results, and individual statistics and standings can all be found on this website. The home page has a “Club Map” link which will take you to a CommunityWalk map, showing the locations of all active clubs in the ACC.

To find a club near you, check out the [Club Directory](#), or check out our [Club Map](#). For information about ACC Grass Roots, or starting your own ACC Club, contact

There are five main areas of the website that are available to the regular player; the navigation each of will be described in the subsequent pages:

- [Club Directory](#): This section of the website lists the more than 190 Grass Roots clubs that are currently active in the ACC. Each entry lists the location, tournament schedule, and club contact information.
- [Standings](#): Shows the standings of every member, club, region, and division. There are two sets of standings shown, based on official and unofficial tournament results.
- [Schedule](#): Displays the dates, time, and locations of Grass Roots regional and national tournament events.
- [Results](#): Displays the results of Grass Roots local, regional, and national tournament events.
- [Stats](#): Displays a set of statistics at the club, regional, division, national and member levels.

A sixth section, *Admin*, is not accessible by regular members of ACC Grass Roots clubs. It is only accessible by club directors and statisticians, regional statisticians, Grass Roots Regional and National Tournament directors, the Grass Roots Director, and the Grass Roots Statistician.

A list of [Frequently Asked Questions](#) is available at the end of this document.

Customize the Website

Though not required, entering your ACC number into the field and pressing the “Personalize” button will retrieve your name and club number. Subsequent navigation into the Standings, Results, or Stats areas will default to data pertaining to your club, and your record on the screen will be highlighted to make it easy to find.

Club Directory

This section of the website lists the more than 190 Grass Roots clubs that are currently active in the ACC. The following information is available on the screen:

(Club Number): useful in looking up statistics or standings of a club

Name: selecting the club name brings you to a general club site, containing information about the Grass Roots season. The number of games played per tournament is also listed. Most clubs are 9-game tournaments; there is a small subset of clubs that hold 6-game tournaments.

Location: Address where the club meets. There is also a link to a Yahoo map for the club.

Meets: Information about the days/times of the tournaments

Contact Information: the director of the club and his/her contact information

Additionally, the user can narrow down the amount of data shown in the directory by state/province or number of games played per tournament (while most clubs play 9 games, there is a small subset that plays only 6). There is also an option to print the directory.

Standings

If an ACC number has been entered at the top of the website, this section defaults to the standings of the club associated with that number. The Grass Roots points for all players in that club are displayed. Any club's standings can be reviewed by selecting the club number from the list. Only standings for the current season are displayed on the website.

Both official and unofficial results are provided. When club directors or statisticians enter the week's numbers into the system, these are displayed as unofficial numbers. Once the regional statistician has confirmed the results, the numbers are made official provided ALL member players in the club have paid their ACC and Grass Roots dues.

Different sets of standings are available, depending on the selection made in Group:

Club

Each club maintains its own standings, which can be found here. The top player in each club at the end of the season will receive a certificate, a 2-year invitation to the Tournament of Champions, and a 3-year invitation to the Grass Roots Tournament of Champions.

The following information is available on the screen:

(Ranking): the player's rank in the "group" selected

Name: player's name and ACC number

Club: player's club number

Club GRPs: the number of Grass Roots Points (GRPs) that a player has earned. GRPs are awarded when a player earns 12 or more points in a 9-game tournament, or 8 or more points in a 6-game tournament.

GRRT GRPs: GRPs earned at Grass Roots Regional tournaments (GRRTs). Points are awarded to players who score 24 or more points during tournament play. A list of Grass Roots Regional Tournaments can be found under the [Schedule link](#) on the website.

GRNT GRPs: GRPs earned at Grass Roots National tournaments (GRNTs). Points are awarded to players who score 24 or more points during tournament play.. A list of Grass Roots National Tournaments can be found under the [Schedule link](#) on the website.

Total Points: the total of all applicable GRPs for the player.

Club Leaders

Shows at a glance who is winning in every club. This information is mostly used by the editors of the monthly Cribbage World newsletter magazine.

Division

There are four divisions in the ACC, numbered 1 through 4. Clubs are divided according to how many tournaments they play during the season:

Division 1: 25-36 9-game tournaments

Division 2: 14-24 9-game tournaments

Division 3: 1-13 9-game tournaments

Division 4: up to 36 6-game tournaments

The top two players in the division at the end of the season receive an award from the ACC.

Regional

There are four regions in the ACC, based on the geographical location of the club: Eastern, Central, NorthWest, and SouthWest.

Standings in this category are for bragging rights only -- there are no awards given at this level.

For both Division and Regional standings, in addition to the basic information that is displayed in Club standings, the following data is available:

Visitor GRPs: GRPs earned while visiting a club that is not your own. These points count toward a player's overall GRP number for the season and lifetime, but are limited only to the number of events missed at the home club, and are taken in chronological order. They do not count in that player's club GRPs.

Transfer GRPs: GRPs earned when a member transfers club membership during the current Grassroots season. These points count toward lifetime total, but do not transfer into the new club.

Member

Official and unofficial standings at the member level. The default is to show your own statistics, but you can see anyone's information if you have their ACC number.

All GRPs earned by a member is displayed in the top section of this screen. This includes Club, Visitor, GRRT, GRNT, and Transfer points.

The lower portion of the screen shows the details of where the points were won.

In this example, Cathy has played several weekly tournaments and one Grassroots Regional (GRRT). She has earned GRPs in many of them.

One of the tournaments (the GRRT) is still pending final posting. Tournaments with a status of "Pending" have been entered by the club director, and are waiting for approval by the Regional Statistician. Once approved, the tournament status changes to "Posted" and the GRPs are added to the totals on this page.

Once all tournament participants have been determined to be in good standing (from a dues perspective), the GRRT points will become official, and Cathy's official Total Points will be updated accordingly.

Schedule

This page displays the dates, time, and locations of Grass Roots Regional and Grass Roots National tournament events for the current season. The schedule can be filtered by state and type of tournament. The Regional Tournaments (GRRTs) take place September through December. National (GRNT) are between January and April.

Results

This page shows the [official](#) results for weekly Grass Roots tournaments, as well as for the GRRT and GRNT tournaments. If an ACC number has been entered at the top of the website, this section defaults to the results of the club associated with that number.

The following information is available on the screen:

(Ranking): the player's rank in the "group" selected

Name: player's name and ACC number

Club: player's club number

Reg: Region in which the player is located

Div: Division in which the player is located

Game Points: the number game points awarded during the tournament

Games Won: the number of games won by the player in that tournament

Spread Pts: the difference between points-won-by and points-lost-by for the tournament

Skunks Received: the number of skunks won by the player during the tournament (*Note, not all club statisticians log this piece of information*)

GRPs: Grass Roots Points earned during the tournament

Different sets of results are available, depending on the selection made in Type:

Club: For the given club (as selected in the “Club” select list), shows the official results for all tournaments held in that club. Individual tournament results can be found by selecting the week number from the “Tournament” select list.

GRRT / GRNT: If an ACC number has been entered at the top of the website, this section defaults to the region associated with that number. You must know the number of the club that hosted the tournament to easily find the results for that tournament.

[Stats](#)

This screen shows the various statistics that are currently being calculated.

GRP Leaders: lifetime Grass Roots points (official).

If an ACC number has been entered at the top of the website, this section defaults to the statistics for the club associated with that number. Numbers are available nationally (“All”) as well as by division, region, club, and member information. The “Club” box changes to show division choices (1, 2, 3, 4) and Region (Northwest, Southwest, Midwest, East)

Frequently Asked Questions (FAQ)

Q: What is an unofficial result vs. an official one?

A: An unofficial result has been entered into the system by a club director, tournament director or statistician. Official results have been validated by the regional statistician, and marked as “Posted” in the system..

Q: I’ve played in five tournaments, but my data only shows results of three tournaments. Why is that?

A: The results have not yet been sent to the regional statistician for confirmation. Once that confirmation is complete, the regional statistician will mark the results as “Posted” in the system, and the official numbers will be updated.

Q: When can I expect to see my results go from unofficial to official?

A: The club director or statistician enters the results and marks them complete. Independently, the regional statisticians go in and check for new tournaments to review and post. The regional statisticians are in the system constantly, so typically the wait isn’t much longer than a week.

Q: I see a club that plays year-round, but I also see several references to “season”. What does that mean?

A: The Grass Roots season runs from September to May. This means, any qualifying points accumulated during that time counts toward your official Grass Roots Points (GRP) total. For any games that take place after the official season closes, GRPs are not accumulated.

Q: I have a friend that I know is part of the ACC, but I don’t know his number or club. How can I look him up to see how he’s doing?

A: While there is no member search per se, all members are listed in the “stats” link. Select “Stats”, then select “All” from the list of “group” selections. This will show the ranking of all registered players in the ACC. Use your browser’s search function to find the name of your friend. You can then look up you friend’s standings by his ACC number or Club number.
