

Deal nine
 You are +9 (your crib)
 Jake is -3
 Your par is 111

Starter

To your crib

"Thirteen"

"Twenty-five"

"Three"

(score one)
 "Eleven"

"Four"

"Twenty-three"

"Thirty-one"
 (score two)

"Eight"

Summary: once again the starter card assured you of exceeding par 111, allowing you to peg defensively. Jake scored an average 11 points and is 2 points short of winning the game. The crib contained 6 points and your total score for deal nine is 21 points...more

than enough to win the game. Playing defensively, after Jake's high-scoring deal four, has won the game for you. The Cribbage Law of Averages and the "Twenty-six Theory" has rewarded you with another "squeezer" victory!
